Candy Machine

Om Nom is very excited. A machine in a nearby candy factory has broken down, and all the sweets have spilled onto the floor. It's Om Nom's job to clear them up! How long will it take him to eat all the candies?

Count the number of candies of each colour and then see if you are sweet-smart enough to work out the answer.

Each blue sweet takes 1 second to eat.
Red sweets take 2 seconds.
Yellow sweets take 3 seconds.

SPIDER'S SCRUMPTIOUS CUPCAKES

Spider is very naughty, but he knows a thing or two about making cupcakes! Ask an adult to help you make his delicious recipe. Don't forget to save a few cupcakes for Om Nom!

Yummy! Ingredients

Equipment

- Muffin tray
- Paper muffin cases
- Bowls
- Wooden spoon
- Tablespoon
- Icing bag with a star-shaped nozzle

Before you start

Find an adult to give you a hand and ask them to preheat the oven to 180°C (Gas Mark 4). Put the paper cases into the muffin tray.

FOR THE CUPCAKES

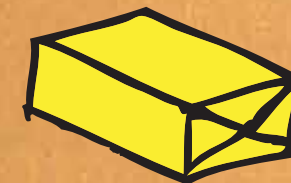

- 4oz self-raising flour
- 4oz sugar
- 4oz butter
- 2 eggs, beaten
- 2 tbsp milk

FOR THE ICING

- 4oz butter
- 8oz icing sugar
- 2 tbsp milk
- Food colouring in your favourite colour **Black!**

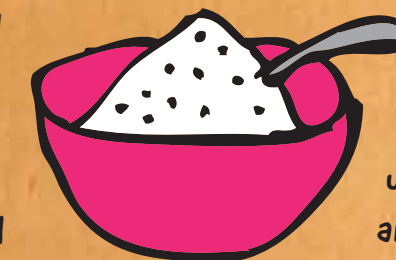

Spider's Instructions

1 Mix the butter and sugar together in a bowl until the mixture is smooth and creamy.

7 While the cupcakes are cooling, you can make the icing. Beat the butter in a bowl until it's soft.

2 Add the eggs a small amount at a time and mix them in well.

8 Beat in the icing sugar, and then add a little milk. Keep beating until the mixture is creamy and smooth.

3 Fold in the flour and mix gently, adding the milk a little at a time.

4 Fill the paper cases halfway up.

Don't eat the cake mixture!

9 Mix in the food colouring. If you want more than one colour, divide the mixture into different bowls first.

5 Ask an adult to put the muffin tray into the oven for you. Bake the muffins for about 15 minutes, or until golden brown.

10 Put the icing into a piping bag and place a big swirly blob of icing on top of each cupcake. This part is the best fun! You might need an adult to help you get started.

6 Ask an adult to take the cupcakes out of the oven and put them on a wire rack to cool. They'll smell great, but don't snaffle them yet!
